

WE CAN CREATE THE WORLD WE WANT

LEARN MORE

HOW TO HELP

- Recycle
- Compost
- Walk and bike
- Waste less food
- Use less water
- Use less electricity

Earth Day 2024, a project by students of Design for Social Change (course creation and creative direction: Adrienne Leban, Faculty BFA Design, the School of Visual Arts, NYC, <http://www.sva.edu>), done for the National Environmental Education Foundation, www.neefusa.org, with support from Samsung Electronics America. Designer: Wave Johnson
